### **INSTRUCTIONS OR DIRECTIONS PROVIDED TO STUDENTS**

Eligible students received emails notifying them of their eligibility and the award amount that they were going to receive. These students were told that they were not required to submit any verification of expenses as a condition of receiving these funds, and that their receipt of the award was based on the assumption that they had incurred or would incur expenses related to the disruption of campus operations due to the pandemic that equal or exceed the award amount. The email also explained that by accepting these funds, the student confirmed that they had incurred or would incur “expenses related to the disruption of campus operations due to coronavirus, such as food, housing, course materials, technology, health care and child care expenses.” Students who did not incur such expenses were asked to contact the Office of Financial Aid by June 3, 2020 to decline or modify the award. Summer Pell eligible students were given until June 28, 2020 to contact the Office of Financial Aid to decline or modify their award.
